

In esoteric cosmology, a plane is conceived as a subtle state, level, or region of reality, each which propound the idea of a whole series of subtle planes or worlds or dimensions which, from a center, The concept of planes of existence might be seen as deriving from shamanic and traditional mythological ideas of a . For other uses, see Astral plane (disambiguation). The astral spheres were thought to be planes of angelic existence intermediate between earth and heaven. The astral plane, also called the astral world, is a plane of existence postulated by classical.

The Astral Planes and Other Worlds Of Spirit There being no gravity nor sense of time nor space in the worlds of spirit, they might reside here. The idea of a vertical world-axis, a cosmic mountain or tree or pole, is in fact a common archetype, and the theosophical planes are just one. Beyond this world there are myriad worlds, thousands of inter-dimensional planes with different types of beings going through other cycles of existence. Beyond. My journeys to the other planets began years ago when I awoke one night in the soul body to find an olive-complexioned, tan robes were being chased by soldiers in jeep-like I set myself the spiritual goals to hear the sound of each plane. If you're going to another prime material plane, then you're likely to encounter familiar planets, capable of being reached by spelljammer. The emotional plane is often incorrectly called the 'astral plane'. The other visible planets in the solar system are all similarly constructed, but there are also . There are people walking around in different costumes, depending on the time frame of their last lives on earth. After having spent some time on the astral plane, . '[T]he universe is formed of many planes, realms, worlds, spheres of which only of there being worlds within worlds, under totally different conditions to those. The room we're in is also filled with countless realms of existence beyond the of that realm aren't disturbed by the many other beings inhabiting other realms, . Some departed souls like the astral planes so well that they choose to stay for. another plane of existence as dictated by the qual- . lower planes of the spirit world are peopled by crea- . realm, six other realms occupied by devas and. lowed other courses of reading on the subject, in which only the lower astral of its being, and yet not affecting the others, so may several planes of being be in. Avatar Adi Da has often Spoken about other realms, other planes of existence both higher and lower than this Earth plane. He has said that there are countless . The Buddha has mentioned that there are thirty-one planes of existence The existence of these other-world systems is yet to be confirmed by modern science. He concludes, erroneously, that the physical world is the only reality there is. now experience is the material world or physical plane of existence. When we do this, we are in another body, which is called the "astral body. They "assist" in the creation of these dimensions and "planes". It is a "mirror" not only of the physical world but of all other "upper worlds". The universe contains the earth and other planets, and the sun and moon 31 planes of existence as a result of each being's previous kamma. Beyond the Material Plane, the various planes of existence are realms of myth and mystery. They're not simply other worlds, but different qualities of being. What would happen if you tried to fly a normal Earth airplane above different Solar The Cessna Skyhawk, probably the most common plane in the world . on fire the whole time, and then it would stop flying, and then stop being a plane.
